PROFESSIONAL SUMMARY

Frontend and WordPress Developer with 4+ years of experience developing and deploying responsive websites using WordPress, HTML, CSS, JavaScript, PHP, and MySQL. Experienced in custom WordPress development, frontend implementation, website optimization, and managing multiple web projects simultaneously. Strong execution ability with experience independently handling projects from development to deployment.

WORK EXPERIENCE

Web Developer & Designer

March 2022 - Present

Moreslides.com Services Pvt. Ltd.

- Developed and deployed responsive websites using WordPress, HTML, CSS, JavaScript, PHP, and MySQL
 - Built custom WordPress websites including theme customization, plugin integration, dynamic content implementation, and website optimization
 - Managed multiple website development projects simultaneously while ensuring timely delivery and quality execution
 - Implemented scalable website structures and reusable components to improve development efficiency and faster deployment cycles
 - Converted Figma designs into responsive frontend interfaces with focus on performance and user experience
 - Executed end-to-end website deployment, testing, debugging, maintenance, and post-launch support activities
 - Collaborated with teams to deliver business requirements while independently managing technical implementation
 - Utilized Git and GitHub for version control and streamlined development workflows
 - Improved website responsiveness, loading performance, and cross-browser compatibility across multiple projects
-
